EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Breem on 5/15/04.

The application has been amended as follows:

In claims 11, 21-22 -- $n+n_1$ is 1-8 -- has been inserted in lieu of [n_1 is 1-8].

Claim 47. (Previously Amended) A method of treating prostate, breast, pancreatic liver, lung, colon or ovarian cancer in an animal afflicted with such disease which comprises administering to an animal in need of such treatment an organic calcium blocker compound according to any one of claims 11, 12, 17, 18, 21, 22, 23, 24 or 31 that inhibits the entry of calcium ions across the cell membrane through a T-like calcium channel in cancer cells in response to a mitogenic stimulus, said calcium blocker being present in an amount effective to inhibit the passage of calcium into the cell.

In claim 48, last line [calcium] has been corrected to -- calcium --.

The following is an examiner's statement of reasons for allowance:

In light of applicant's amendment of February 6, 2004 and Examiner's amendment herein above the claims as presently recited the prior art neither teach nor suggest the claimed invention. Neither does the art suggest a reason to modify any reference to obtain the claimed invention.

Accordingly, claims 11-45, 48 and 51 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
